

# Glider X2

# **SPECIFICATION**

<b>Product Name</b>	Glider
Item Code	SRGLIDEX2
Length	340mm (ave between fittings)
Attachments	N/A

### **CONTENTS**

1 x Glider X2

#### **ABOUT**

The Glider X2 has been designed to traverse the more uneven surfaces such as roof tiles. The Glider X2 skips over all sorts of obstructions and is cleverly designed to take other attachments for super efficiency; for example, screw a Super Grip inside the Glider and attach a cable. You can even turn the unit around and screw a Super Beam to the front of the Glider.

### **APPLICATION**

Route
Skip Over Obstructions
