ODIN

If you are interested in a perfect solution for high-end installations in large, professional environments ODIN is your best choice. ODIN with aluminium housing is designed to perform what you want in high-end quality picture and easy to install. ODIN can be customized in size and colour to perfectly fit your specific need. ODIN is available in 5,5 meter to 8,5 meter width. You have multiple choices in screen fabrics and it can be with or without TabTension. The TabTension system used in ODIN is developed to assure you to have a perfectly flat screen.

ODIN

Big screen experience!

"Odin" is the largest series in our range of products. Maximum width is 8m with TabTension and 8,5m without. It is available with three different screen surfaces with the casing in white only. It is equipped with strong eyelets and chain-loops to allow for chain- or wire-attachments to lift it up.

Picture-format with or without a framework in black is available in all sizes.

Standard DraperEurope motor options are available; "Wired" (-W) or "Enhanced Radio" (-ER), making it easy to integrate it into your control system
