

RISE A 161 Longer wall mounts 7–13 cm for RISE display lifts (white)

RISE A 161 wall mounts can be used to mount a RISE 200X display lift further away from the wall (7–13 cm). This might be necessary, for example, to accommodate wider cable covers (mainly seen in Germany and the USA). The RISE A 161 set consists of 4 brackets, available in black and white.
